Acknowledgement

The joy and satisfaction that accompany the successful completion of any task would be incomplete without thanking those who made it possible. We consider ourselves proud to be a part of RNS Institute of Technology, the institution which moulded us in all our endeavors.

We express our gratitude to our beloved Chairman **Dr. R N Shetty**, for providing state of art facilities.

We would like to express our sincere thanks to **Dr. M K Venkatesha**, Principal and **Dr. Vipula Singh**, Professor and HOD, Department of ECE, for their valuable guidance and encouragement throughout our program.

We express our profound gratitude to the coordinators who have given valuable suggestions and guidance throughout the project. We would like to express our sincere gratitude to our guide **Name**, Designation, for her/his guidance, continuous support and motivation in completing the project successfully.

Finally, we take this opportunity to extend our earnest gratitude and respect to our parents, teaching and non-teaching staff of the department, the library staff and all our friends who have directly or indirectly supported us.

Abstract

L^AT_EX eases our pressure in writing thesis & reports because of its powerful features such as automatic hyphenation, table of contents, figures & tables, powerful bibliography tool, citations, Automatic Numbering of Chapter, sections, figures & tables, its beautiful fonts, professional output...

Writing too much of code for gives bad impression on L^AT_EX. But now we have numerous gui tools like gedit-latex-plugin, T_EXmaker, Lyx & emacs, which are very much user friendly.

This VTU-project-report-template is written using popular document class, “Memoir”. In the coming chapters, we hav given small help manual required for writing report & at the end about template

Chapter 1

Introduction

1.1 Motivation

Title: *Title:*

Inspirational ideas and real world issues that made you to choose the project. How you felt you could contribute with this project.

1.2 Objectives

Describe the plan and targets to be achieved by the project. list them in points.

- point 1
- point 2

1.3 Methodology

Steps taken to realize the objectives. Describe them in couple of lines under different categories required.

1. Exploring VNC system module of DirectFB and building it onto the target IPTV
2. Extending remote accessibility of IPTV from outside LAN

1.4 Applications

The utilization of the project. Social impacts if any. Can be converted to product, research work, patent ?

1.5 Advantages and Disadvantages

Discussion on the pros and cons of the project and approaches taken.

1.6 Organisation of Report

THREE to FOUR lines of description of each chapter included
